THINK

Socrates is our flagship program which aims to instill key transferrable skills in students who wish to excel in the IB curriculum, as well as those looking at transitioning from local to international and boarding schools.

Stay-Tuned For Summer!

Skills Highlights

Observation	Inquiry	Analysis	Thought Structuring	Multi-level Thinking
Creativity	Research	Perspectives	Deconstructing Bias	Debate & Discussion

FOUNDATION (ages 9-10)

Are you choosing your hobbies or are they choosing you?
Course Projects: Create and pitch your own advertising campaign for a product or hobby of your choice!

JUNIOR (ages 11-12)

Create arguments about issues like representations of women in the media, education and novels.
Course Projects: Pick a controversial topic and justify your point of view! Convince us on how the world should change.

INTERMEDIATE (ages 13-14)

East and West! How does one affect the other?
Course Projects: Challenge yourself to connect the dots between historical events and trending themes today.

ADVANCED (ages 15+)

Arm yourself with critical thinking skills and unravel a range of crises facing our world today.
Course Projects: Model United Nations! Take an issue, pick a country and construct your argument.

SPEAK

Public Speaking program focuses on improving students' communication skills at different levels.

Public Speaking Level 1 (ages 9-10)

In three different units, students will improve their public speaking skills in an original setting: Arch BroadCasting (ABC). Through engaging projects, such as presenting the news, being interviewed like a celebrity and narrating an event, students will learn how to control their voices and use body language to express themselves.

Public Speaking Level 2 (ages 11-12)

Set 'Inside the Board Room', students will be challenged to brainstorm ideas, persuade each other and explain their thoughts clearly. Through different activities they will learn how to control their pace, fluency and intonation. Besides, they will practice the use of body language more naturally.

"I would definitely recommend this competition to my schoolmates because I think it's an experience that was very beneficial to me and I want them to have similar experience when practicing law."
- R.M.

Debate Program

Delivered by Debate Coach & Selector of Hong Kong Debate Team

Debate Beginner (ages 11-12)

The junior class is designed to ease students into the world of debate with interactive group work and constant feedbacks from our debate coach. The perfect gateway to enable your child to start thinking and speaking like a pro!

Debate Intermediate (ages 13-14)

Why should we care about the environment? Does it really matter if pandas go extinct? Using an interactive group discussion model of education, students will delve into topics that are removed from their lives to maximize their world view and get them thinking about local and global issues.

Debate Advanced (ages 15+)

This class will be less instructional and more feedback based, as students get to try their hand at making full speeches and analyzing issues in motions found in debate tournaments from all over Asia and beyond. After joining this class, your child will be able to present both sides of argument!

READ

***Books for the Term!**

Our Critical Reading program guides students to develop stronger transferable skills in analyzing literary texts. Perfect for all who wish to develop and build the love for literature whilst strengthening their analytical skills!

Analyse story plot

Evaluate character

Identify techniques

Apply Own Stance

Foundation (ages 7-8): Jump into the rabbit hole with us as we read the classic fantasy novels **"Alice in Wonderland"**, **"The Wizard of Oz"**, and **"Don Quixote"** while learning about what makes a great fantasy narrative. Join us along the yellow brick road!

Junior (ages 9-10): Laugh and learn as we read the hilarious **"There's a Boy in the Girls' Bathroom"** and the charming **"The Year of the Dog"** in class. Growing up is a learning experience, but it can also be an enjoyable journey.

Intermediate (ages 11-12): Have you ever wondered the difference between right and wrong? This term we will discuss morality as we read the acclaimed contemporary novel **"Trash"** along with J.R.R. Tolkien's classic **"The Hobbit"**. Together, let's see which characters do the right thing.

Advanced (ages 13+): What is Utopia and Dystopia? And how can we make the best possible society for everyone? In our Advanced class, we'll discuss the differences between these two ideas while reading the classics: **"Animal Farm"** and **"The Lord of the Flies"**.

"I've never been exposed to this method of reading before. This course is fun and interesting to me and I have enjoyed it. It has really helped me think of meaning and symbolisms in texts and movies."
- J.Y.

WRITE

Our writing program helps students to develop a variety of writing styles and to write with greater fluidity.

Students are exposed to the four types of writing which include descriptive, persuasive, narrative and expository. These are explored through analyzing texts and in-class practice. Submodules focus on key skills that are required for the writing tasks and built on prior knowledge. Grammar and editing activities are incorporated to ensure students improve their technical accuracy.

F FOUNDATION
(ages 7-8)

Imagine a world where all your favorite animals are living together in one place. In Foundation Writing, we will be creating an expository report on the animals, as well as our own Fantasy story! You are in control of your story. Come along for the fun!

J JUNIOR
(ages 9-10)

In writing junior, you will learn how to be as descriptive as a poet while creating your own descriptive poem! Then you will have a chance to write about one of your own family traditions that is unique to you. So come along join us for the fun!

I INTERMEDIATE
(ages 11-12)

Life is filled with difficult decisions and sometimes it's tough to make the right choice. In Intermediate Writing, we will consider some moral dilemmas through comparative writing, then choose a side and try to persuade others which is best. Get ready to hone your argumentative skills in our spring course!

A ADVANCED
(ages 13+)

Ever want to be a journalist? In Advanced Writing, we will be creating our very own newspaper, filled with factual articles, editorials and reviews, and even our very own advertisements. So get ready to find a lead and get the scoop this term in class!

"I like how we are given quizzes in between the modules to see if we truly know the meaning. I learnt how to write feature articles, blogs and literary pieces. I also learnt more about the differences and aspects of writing personal statements for US and UK applications." - R.S.
