ARCH ENRICHMENT & ACADEMIC PROGRAM PATHWAY

Programs are offered through ARCH Community Outreach, the non-profit charitable arm of ARCH Education.

THINK

Our flagship program **Socrates** aims to instill in students the key transferable skills and intellectual tools necessary for effective lifelong learning. Mastering the critical and lateral thinking capability will prepare students for their transition from local to international schools, the intense research of IB, the in depth investigation of A Levels and the current affairs analysis for DSE Liberal Studies.

Upgraded Curriculum!

Skills Highlights	Observation	Inquiry	Analysis	Thought Structuring	Multi-level Thinking
	Creativity	Research	Perspectives	Deconstructing Bias	Debate & Discussion

Our Summer Edition this year will be led by the ARCH founder, Jennifer Ma, and our Education Services Director, Albert Ma, himself a national debater; and we welcome parent participation on the last day of the one week course!

Socrates Level 1 (ages 9-11)

Be inspired by your surroundings! The ability to seek higher level relations in your daily observations is pivotal in encouraging young learners to think out of the box! Let's go beyond clothes and fashion, MTR and public transportation, and explore how these luxuries we take for granted can be linked to wider social issues such as poverty, human rights and more!

Socrates Level 2 (ages 12-14)

Civil wars in the Middle East, hate crimes in the US, terrorist attacks that threaten the world – these tragedies are featured daily on the news, yet they seem to be distant problems to our Hong Kong teens. How might every one of us global citizens be responsible for world events, be it directly or indirectly? Join us to explore the “relate the unrelated” realities of life!

READ+WRITE

Junior, Intermediate and Advanced learners will be offered a combined Reading AND Writing course. This will allow our faculty to assess each student's language ability holistically before informing them of their enhancement priorities in the coming school year. For initial skills development, Foundation learners will be offered independent reading and writing courses.

“I've never been exposed to this method of reading before. This course is fun and interesting to me and I have enjoyed it. It has really helped me think of meaning and symbolisms in texts and movies.”
- J.Y.

Vocabulary Building

Literary Analytical Skills

Writing Technique

Strengthen Grammar

Junior (ages 9-10)

Narrative and Diaries Man & Nature

The odyssey of fascination for nature, from its majestic peaks to mysterious forests; learn the descriptive language to write fables and fantasies.

Intermediate (ages 11-12)

Narrative & Persuasive Myths Beneath the Waves

The vastness of the oceans and the secrets of the sea will allow our students' imagination to flow through classical creation myths.

Advanced (ages 13-14)

Descriptive & Journals Sustainable Future

How to write the scene of an untold future? Through short stories and allegories of tomorrow, students will master the advanced grasp of imagery, themes and irony.

Reading Foundation (ages 7-8)

Wind in the Willows & Huckleberry Fin

From Finn's journey down the Southern States to Mr. Toad's misadventures, we guide young learners to appreciate fundamental comprehension and literary techniques.

Writing Foundation (ages 7-8)

Expository & Descriptive - Circus & Pets

Through looking at treatment of circus animals and structuring ideas on caring for our furry friends, we explore ways to juggle modifiers and imperatives.

SPEAK

Our Public Speaking and Debate Program focuses on communication skills and advocacy techniques that empower students to articulate themselves with confidence. Our programs are led by the **Debate Coach & Selector of the Hong Kong Debate Team, Sandeep Chulani**, and the **Captain of the HKU Debate Team and first Worlds (WUDC) final rounds debater from Hong Kong, Albert Ma**. Both have had strong track record in coaching students for international competitions, including World Schools and BPDC.

Critical Thinking

Political Science

Global Issues

Ethics

Speech Writing

Public Speaking Junior (ages 9-10)

In three different units, students will improve their public speaking skills in an original setting: ARCH Broad Casting (ABC). Through engaging projects, such as presenting the news, being interviewed like a celebrity and narrating an event, students will learn how to control their voices and use body language to express themselves.

Public Speaking Intermediate (ages 11-12)

Set 'Inside the Board Room', students will be challenged to brainstorm ideas, persuade each other and explain their thoughts clearly. Through different activities they will learn how to control their pace, fluency and intonation. Besides, they will practice the use of body language more naturally.

DEBATE

Debate Level 1 (ages 11-12)

The entry level debate class introduces the world of debate to budding speakers through interactive group work and constant feedback from coaches. A combination of spoken and written practices will ignite your child's ability to think critically about what matters.

Debate Level 2 (ages 13-14)

Formal debate skills are honed to shape orators at this stage. Through peer brainstorming and technical exercises, our coaches will guide students through frameworks of analysis that would enable them to delve into local and global issues that otherwise may seem abstract and disconnected.

Debate Level 3 (ages 15+)

4 competing teams in a round, live-fire interjection during a speech, sharp questions from the floor. Aspiring debaters joining this course will be trained through series of tournament level debate motions to develop the competence to analyse, compose and deliver full speeches at the standard of regional tournaments.

Debate Tournaments

With a dedicated team of trainers, ARCH will be inviting committed debaters to join the ARCH team in experiential expeditions to overseas tournament in the region and beyond. This will broaden the learning horizon of our students and expose them to a competitive environment that will challenge them to strive and grow. Our debaters had great success with Oxford Schools and Asian Schools tournaments and look forward to welcoming more keen and talented debaters to join!

Upcoming Tournaments

- Kyushu Debate Open
- Korea Schools Open
- Shanghai May Day Competition
- Asia World Schools Debate Championship

**This is not an exhaustive nor guaranteed list as tournaments may change from year to year.*

"I would definitely recommend this competition to my schoolmates because I think it's an experience that was very beneficial to me and I want them to have similar experience when practicing law."

- R.M.

NEW
in Summer

DR. SCIENTIST PROGRAM (AGES 7-9)

Aspiring doctors and budding scientists? ARCH's new Dr. Scientist Program brings together practicing doctors and science specialists to inspire young children to the world of biomedical sciences! Through hands-on experiments with real medical equipment, and a series of case studies, the course will impart theoretical and practical knowledge to spark young minds' curiosity to explore the sciences. Ending with a field trip to a medical research facility, children will have the opportunity to see "action in real life"!

Experiment

Medicine

Biology

Chemistry

Leading Instructor

Dr Alan Kwok

A committed doctor and dedicated educator, Dr Kwok is a regular keynote speaker and lecturer for scholastic and academic events for inspiring students of all ages with an eye to study medicine.

COMMON ENTRANCE (AGES 8-16)

- Courses focus on ISEB Common Pre-Test, ISEB Common Entrance Test, UKiset, and school entrance exams for different entry years
- Covering English, Mathematics, Science, Verbal and Non-Verbal Reasoning
- ARCH Proprietary Mock Tests designed for UK Boarding School Entrance Exams and Common Entrance Exams
- Boot camps for intensive paper drilling

SSAT (AGES 11-13)

- All courses are taught by curriculum specialists
- Review & practice core topics extensively
- Foresee the difficulties of the coming exams
- Strengthen conceptual foundations and refine higher-order skills

VOCABULARY BUILDER (AGES 7-15)

- Building vocabulary to improve your English and SSAT score!
- Rigorous and effective methods to learn 2,500+ words
- 120-480+ words per level, more than 22 hours of instruction

ACADEMIC CENTER FOR EXCELLENCE

Our Academic Center for Excellence (ACE) offers subject tutoring to help students develop a stronger academic foundation and provide a platform to advance students' learning through Passion Projects and Competition Training.

IBMYP | IBDP | (I)GCSE | GCEAL | IAL | AP

- Group and 1-on-1 classes taught by official examiners and experienced instructors
- Tailor-made for school's teaching/testing styles to boost mock exams
- Comprehensive exercises and tests to consolidate knowledge
- Subjects include **Chinese, English Language, English Literature, Economics, History, Mathematics, Biology, Chemistry, Physics** and more
- Key focus on **IB Extended Essay (EE), Theory of Knowledge (TOK) & Internal Assessment (IA)**

IB EE/TOK INTRODUCTION COURSE

- Introduce Marking Criterion
- Familiarise with Marking Criterion
- Contextualise within the Curriculum framework
- Understand Product Formatting
- Review Potential Pitfalls to Product Creation

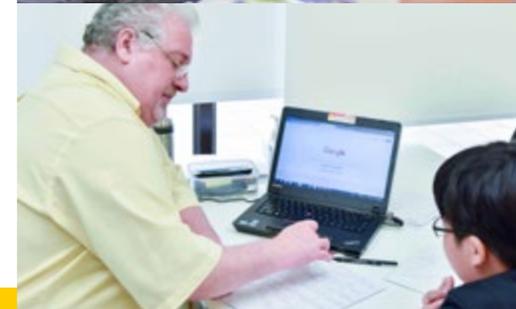

IB IA INDIVIDUAL PACKAGE

- Giving guidance on topic selection, research skills and content refinement.
- The package will include 3 hours of contact time and 2 reviews of drafts.

BRIDGING THE GAPS OF CURRICULA

Expecting to transition into a new curriculum in September? ARCH's experienced instructors provide support to ensure you are ready for the new and heightened academic challenge. Scenarios include but not limited to:

- **IBMYP → IBDP:**
From studying "Science" to Physics, Chemistry and/or Biology
- **IGCSE → IBDP:**
From scientific calculator to graphing display calculator (GDC)
- **Local School → IBDP:**
How to prepare EE and IA?
- **IBMYP/Local School → AP/ US system:**
How to conduct written responses for Math and Science subjects?

SUMMER BOOT CAMPS (AGES 11-17)

SSAT

- 25 hours of instruction + 2 full-length mock tests

SAT & ACT

- 30 hours of instruction + 2 full-length mock tests

SAT Subject Tests

- Mathematics, Physics, Chemistry, Biology, English Literature, History etc.

"I would like to thank my teacher for helping me on my Extended Essay on Mathematics over the past year. With his help and guidance, I received an A with a score of 29/34. Thank you for improving my writing to this amazing standard!" - C.C.

UNITED KINGDOM

With top UK boarding schools selectively taking in as few as 3-4 students from HK a year, we are super thrilled 100% of our ongoing guidance students passed the many different rounds of assessments to progress and/or secure unconditional and conditional offers*!

- Benenden School
- Charterhouse School
- Cheltenham Ladies' College
- Eton College
- Harrow School
- King's School, Canterbury
- Radley College
- Sevenoaks School
- St Mary's School, Calne
- St, Paul's Girls School
- Tonbridge College
- Uppingham School
- Wellington College
- Westminster School
- Winchester College
- Wycombe Abbey School

& more!

BOARDING SCHOOLS ADMISSIONS

100%

Success Rate to 1st/2nd Choice Schools*

"I find ARCH extremely helpful in terms of exam preparation and admissions to top UK boarding schools. I got offers from all the boarding schools I applied to. I have learnt so much from my tutors as they are very well-informed about the UK curriculum and are able to deliver the lessons in a very concise and structured manner."

K.C., Cheltenham Ladies' College

"My son was reported to have done well in the pre-assessment tests and interviews. You have helped him tremendously on his interview skills and finding the right tutor for him."

Parent of J.D., Harrow School

"I think that the preparation experience went really well. The amount of classes I did I felt was perfect, the tutors were really intelligent and helpful, so that I felt confident going into my interviews. By the end of the preparation process, I had a really broad surface level understanding of the law, which was exactly what I needed going into the CLT and interviews."

F. A., Cambridge for Law

"My teacher has guided and supported me throughout my application process. He has provided insightful advice on my university choices and UCAS application e.g. preparation of personal statement, school reference letter. Without his constant guidance and support, I wouldn't have been able to make it to this stage of application."

R.L., Imperial for Biomedical Science

"ARCH was a tremendous help to my university application experience, and provided me with effective and useful advice from making a school list and standardised testing prep to writing essays and creating my profile. Through constructive and helpful brainstorming with the counselors, I was able to hone my essays to perfection and was able to creatively express myself through my application. The counselors showed great commitment and took extra steps to know me as a person so my application could reach its best potential. I am very grateful for ARCH's support and would not be attending the college of my dreams if not for you!"
