ARCH ENRICHMENT & ACADEMIC PROGRAM PATHWAY

PRE-COURSE ASSESSMENT

Students sit a
pre-course assessment to
identify which programs
best suit them.

2-YEAR ENRICHMENT PLAN

ARCH provides a 2-year
plan to map out the path
for the student, tailored to
his/her aspirations.

ENRICHMENT & ACADEMIC PROGRAMS

ARCH provides
suggestions should we feel
complementary assistance
is necessary.

PARENT-TEACHER DAY

ARCH teachers provide
verbal and written feedback
to students and parents at
the end of term.

THINK

Our flagship program **Socrates** aims to instill in students the key transferable skills and intellectual tools necessary for effective lifelong learning. Mastering critical and lateral thinking prepares students for the transition from local to international schools, the intense research of IB, the in depth investigation of A Levels and current affairs analysis for DSE Liberal Studies.

Skills Highlights

Observation	Inquiry	Analysis	Thought Structuring	Multi-level Thinking
Creativity	Research	Perspectives	Deconstructing Bias	Debate & Discussion

This year our summer edition will be led by ARCH founder, Jennifer Ma, and our Associate Director of Education Services, Albert Ma, himself a national debater. We also welcome parent participation on the last day of the one week course!

Socrates Level 1 (ages 9-11)

Join our new series of Socrates for Junior Students as we explore the relationships we have with famous companies both as individuals and as a community. Discuss topics ranging from how our diets and cravings are shaped by colors and symbols to how companies influence the design of our homes and neighbourhoods. Develop your sense of observation to question the surroundings we live in, as we discuss how we make ourselves and our society better!

Socrates Level 2 (ages 12-14)

Living in times of unprecedented global events helps us understand not only the important roles that the government plays but also the perspectives we need to take when looking at abstract problems that have real consequences on our daily lives. This summer series of Socrates will look at the issues of class, cash and clashes around the world, in search of a better understanding and solutions to both local and global issues that are shaping our communities.

READ + WRITE

"I've never been exposed to this method of reading before. This course is fun and interesting to me and I have enjoyed it. It has really helped me think of meaning and symbolisms in texts and movies."

- J.Y.

Junior, Intermediate and Advanced learners can take a combined Reading AND Writing course. This will allow our faculty to assess each student's language arts skills and identify areas for improvement for the coming school year. For initial skills development, Foundation learners will be offered independent reading and writing courses.

Vocabulary Building

Literary Analytical Skills

Writing Techniques

Grammar Booster

Junior (ages 9-10)

Fairy Reality

Re-interpret the classics with a plot twist on selected classics such as Goldilocks on CCTV as well as The Sleeper and The Spindle. Compose a poem to retell the story from a different perspective and create an argumentative defense for mis-understood villains like the big bad wolf.

Intermediate (ages 11-12)

Fables

With an anthology of fables from Europe to Africa, let us distill wisdom from the animals of the wild to write your own narrative as an allegory for mankind. Then we explore the modern interaction between human and wildlife to write your own sensational newspaper tales.

Advanced (ages 13-14)

Heroes

Explore tales of inspiration from an Anthology of Heroic Epics and selected Memoirs. Appreciate the lessons and the language that the words bring to life. Employ these skills to write a narrative for a historical figure and a memoir for a person of exemplar personal virtues

Reading Foundation (ages 7-8)

Space & Beyond

Daydream on an epic Out-of-This-World Moon Pie Adventure with introduction to literary techniques to describe the senses. Make your summer journey amongst the stars and take off with your English reading!

Writing Foundation (ages 7-8)

Space & Beyond

As your imagination soars, let's write a menu for the Restaurant at the End of The Universe or the Café at Twenty Thousand Leagues Under The Sea! Play around with expository and descriptive writing to bring out the history and colors of fantasy cuisines.

SPEAK

Our Public Speaking and Debate programs focus on communication skills and advocacy techniques to empower students to articulate themselves with confidence. Our programs are led by the **Debate Coach & Selector of the Hong Kong Debate Team, Sandeep Chulani**, and the **Former Captain of the HKU Debate Team and first Worlds (WUDC) final rounds debater from Hong Kong, Albert Ma**. Both have had strong track record in coaching students for international competitions, including World Schools and BPDC.

**Critical
Thinking**

**Political
Science**

**Global
Issues**

Ethics

**Speech
Writing**

Public Speaking Junior (ages 9-10)

From holiday celebrations to harrowing rainstorms, prepare and produce a news broadcast, then follow by a live interview to explore the lives of famous people. Then learn the skills to narrate documentaries to inform and move people.

Public Speaking Intermediate (ages 11-12)

Learn to speak with distinction and prepare speeches to rouse spirits and awareness on important social issues. Carry that conviction to formulate proposal presentations to improve the circumstances. Create consensus with discussions and debates to find the best solution.

DEBATE

Debate Level 1 (ages 11-12)

This entry level debate class introduces the world of debate to budding speakers through interactive group work and constant feedback from coaches. A combination of spoken and written practices will ignite your child's ability to think critically about what matters.

Debate Level 2 (ages 13-14)

Formal debate skills are honed to shape orators at this stage. Through peer brainstorming and technical exercises, our coaches will guide students through frameworks of analysis that enable them to delve into local and global issues which otherwise may seem abstract and disconnected.

Debate Level 3 (ages 15-16)

Four competing teams in a round, live-fire interjection during a speech or sharp questions from the floor. Aspiring debaters joining this course will be trained through a series of tournament level debate motions to develop the competence to analyse, compose and deliver full speeches at the standard of regional tournaments.

CONGRATULATIONS!

ARCH debate students achieved great results at Shanghai Schools Open!

The Shanghai Schools Open was held from 30th November to 1st December, 2019. Comprising of 5 preliminary rounds, the motions debated ranged from parenting & education to crime in society. At the end of the preliminary rounds, Davis (left) and Ambrose (right) ranked 2nd overall and "broke" into the finals series as the TOP Hong Kong Team. After two more intense debates, they ended their journey at the semi-finals. This was not the end of the road as they won joint-best U16 speakers as well as joint 2nd-best speakers overall, making them the best team representing Hong Kong! Comprising of over 130 participants from China, South Korea, Japan, Taiwan, Hong Kong, Australia and the USA, the competition was a great experience for our students and we look forward to more achievements from them!

"I would definitely recommend this competition to my schoolmates because I think it's an experience that was very beneficial to me and I want them to have similar experience when practicing law."

- R.M.

ACADEMIC TUTORING

After months of schools being closed, it's time to take charge and prepare for your exam year! Sign up for our Summer Intensive to review and learn ahead for upcoming challenges in (I)GCSE and the IB final year. Guided by our specialists using our bespoke method of instruction and assessment, our courses and private tuitions will lead you to success!

IBDP/(I)GCSE INTENSIVE COURSE (AGES 16-18)

This intensive course reviews the key content of year 1 IBDP/ IGCSE as well as springboard into year 2 materials. The aim is to prepare students as they return to school for mocks and assignments. The course will provide:

- Elective Modules
- Pastpaper Practice
- Guided Homework

English

Mathematics

Physics

Chemistry

Biology

Economics

IBMYP | IBDP | (I)GCSE | GCEAL | IAL | AP

- Group and 1-on-1 classes taught by official examiners and experienced instructors
- Tailor-made lessons to adopt to different teaching/testing styles and boost mock exams
- Comprehensive exercises and tests to consolidate knowledge
- Subjects include **Chinese, English Language, English Literature, Economics, History, Mathematics, Biology, Chemistry, Physics** and more
- Additional focus on **IB Extended Essay (EE), Theory of Knowledge (TOK) & Internal Assessment (IA)**

IB EE/TOK INTRODUCTION COURSE

- Introduction to rubric and assessment marking criterion
- Contextualise EE/TOK requirements within the IB curriculum framework
- Learn how to best format EE/TOK assessments
- Review potential difficulties to performing well

IB IA INDIVIDUAL PACKAGE

- Guidance on topic selection, research skills and content refinement
- Package includes 3 hours of contact time and 2 reviews of drafts

"I would like to thank my teacher for helping me on my Extended Essay on Mathematics over the past year. With his help and guidance, I received an A with a score of 29/34. Thank you for improving my writing to this amazing standard!" - C.C.

FEATURED PROGRAMS

UK BOARDING SCHOOL PREP

UKISET PRE-TEST | 11+ | 13+ | 16+ (AGES 8-16)

- ◆ All UK boarding school entrance test formats (computerized and school-specific papers)
- ◆ Courses include: Verbal Reasoning, Non-Verbal Reasoning, English, Maths, Science and other subjects
- ◆ Interview prep / Critical thinking: Skills enrichment to prepare for admissions interviews

US BOARDING SCHOOL PREP

BOARDING SCHOOL BOOST PROGRAM (AGES 10-14)
