

US TEST PREP

MAP | SSAT | SAT

Unlock the gateway to a US education pathway through our series of US test preparation courses specifically tailored to address distinct formats and assessment criteria of American examinations. Equipped with our exclusive test and course materials, along with comprehensive analysis and expert guidance from ARCH specialists, you will be fully prepared to excel in your US test to unlock the pathway to the schools and universities of your choice.

MAP School Year Preparation Package (for Grade 5 & 6)

Our rigorous preparation aims to empower students with the ability to comprehend informational texts and develop language arts skills. We encourage students who aspire to excel in school benchmarking tests and enhance their school applications to join this course.

Level	Focus	Contents & Knowledge	Deliverables
Grade 5	Comprehension and Informational Text	This thematic collection of readings and grammar lessons explores the multifaceted relationships between food, health, and community. The featured texts delve into how evolving food systems, technologies, and cultural traditions are shaping the lived experiences of diverse communities around the world.	<ul style="list-style-type: none"> • Initial Mocks • End of Module Mocks • Assessment Analysis Report • Critical Thinking Essays • Learning Materials
	Language Art and Conventions	This introductory grammar lesson explores the fundamental structures of the English language through the lens of human relationships and identities. Drawing on engaging readings from National Geographic, students will develop a solid foundation in core grammar concepts while also gaining insights into diverse cultures and communities around the world.	
Grade 6	Comprehension and Informational Text	This multifaceted lesson explores the world of sports and fitness through the lens of National Geographic's engaging reading selections. Students will dive into the cultural significance of athletics, the demanding nature of Olympic competition, and the rise of emerging sports, all while developing essential reading comprehension and language skills.	
	Language Art and Conventions	This grammar lesson explores the use of the present tense to discuss the customs, rituals, and cultural practices that define communities around the world. Drawing on engaging readings from National Geographic, students will develop a strong command of present tense grammar while also gaining insights into diverse global traditions.
