PROGRAM INTRODUCTION

St. George's University (SGU) has established a pathway for students of ARCH Education, Hong Kong, to transfer to and complete either the six-, five- or four-year Doctor of Medicine (MD) degree program at SGU's School of Medicine. Students successfully complete their MD will be eligible to apply for residency programs in the US or for postgraduate training in England, on which they can build successful medical careers.

ROUTE TO SGU MD THROUGH ARCH EDUCATION

Students who meet the requirements for entry to the SGU's medical program can choose to study for their first year on the True Blue Campus in Grenada, or in the UK at Northumbria University's campus as part of the St. George's University School of Medicine/ Northumbria University five-year MD program.

ABOUT ARCH EDUCATION

ARCH Education is an expert educational institute based in Hong Kong with a mission to bridge the education gap through delivering transformational programs and providing expert guidance on international education, to equip students for their future educational and career goals.

For students aged 7-20, ARCH provides programs to help students bridge their education gaps through enrichment programs, admissions guidance, academic tutoring, university foundation programs and career networking.
