

Special

One-year Pathways to **Top Universities**

New programmes for students who have not met the minimum requirements in HKDSE or IBDP examinations to study at their desired universities.

University of London International Foundation Programme (IFP)

For students aspiring to enter UK universities to read social science-related subjects, academic direction for the one-year IFP is provided by the London School of Economics and Political Science (LSE). Syllabus and study materials are developed and prepared by LSE-appointed academics.

One-Year A Level Course

Students interested in non-social science-related degrees can take the fast-track course to obtain an internationally recognized qualification in one year. Suited to students aiming for degree courses in Medicine, Dentistry, Psychology, Biomedical Sciences, Natural Sciences, Architecture and Engineering.
